

Muhammed Ishaq - CV

Frontend Developer | Forex Trader | CS & IT Student

Email: muhammedishaqjamb20@gmail.com

Portfolio: yourportfoliolink.com

Profile Summary

A passionate Computer Science and Information Technology student at FUDMA, with a strong interest in front-end development and forex trading. I enjoy building responsive websites and solving problems with clean, functional designs. Always learning, always growing.

Skills

- HTML, CSS, JavaScript
- Responsive Web Design
- Git & GitHub
- Forex Analysis & Trading
- Problem-Solving
- UI/UX Awareness

Projects

****FUDMA School Portal Website****

Built a responsive and interactive mock school portal using HTML and CSS. Includes login, registration, and student dashboard pages.

****Quiz App (Football-themed)****

JavaScript-powered quiz app to test knowledge of football, built during SIWES training.

****To-Do List App****

Simple but functional to-do list that stores tasks using local storage.

****Background Color Generator****

Fun interactive tool that changes background color dynamically using JavaScript.

Education

Federal University Dutsin-Ma (FUDMA) - BSc. Computer Science & Information Technology (Ongoing)

Command Secondary School - WASSCE (Graduated 2020)

Experience

SIWES (Student Industrial Work Experience Scheme):

- Learned and practiced JavaScript
- Built 3 mini-projects: To-Do App, Quiz App, and Color Generator
- Gained hands-on experience with version control using Git

Certifications

HTML Certificate from Online Test Platform
